Orel, Russia, Nov. 2.—Anti-Jewish riots have broken out here. Shops have been looted and many people have been killed or injured.

SOCIAL DEMOCRATS

Issue Proclamation Calling for Revolution at Warsaw.

Warsaw, Nov. 2.—The courts and government offices here are closed.

The social democrats this afternoon issued a proclamation calling for a revolution. Polish flags were displayed from many balconies and a mass meeting of all political parties assembled at Philharmonic Hall to discuss the situation, while the immense crowds surrounding the building sang patriotic songs and shouted patriotic cries until they were hoarse.

A deputation of prominent citizens visited the governor general to protest against yesterday's massacre in front of the city hall beseeching him to withdraw the military in order to avoid bloodshed. The governor promised that the soldiers would not be permitted to use their arms unless attacked.

The strike committee of the Vistula railroad has received a telegram from St. Petersburg saying: "The first victory has been gained." Infantry fired on five hundred of the demonstrators at 3 o'clock this afternoon. Two persons were killed and seven were wounded. Many fights took place in various parts of the city. The socialists are attacking the patriotic crowds.

Serious Rioting at Radom.

Radom, Russia, Nov. 2.—The anti-government demonstrations yesterday ended in widespread rioting. A mob destroyed the telegraph poles, burned government property, harried the streets and threw bombs at the troops. The soldiers fired volleys at the rioters. There were many victims, both civilians and soldiers.

Quiet at Kazan Today.

Kazan, Russia, Nov. 2.—The city is now under the guardianship of the newly formed citizen militia, consisting of students and workmen and numbering 400 men, armed with weapons taken from the police. The new guards patrolled the streets all night. There were no disturbances.

Rioting and Plundering.

Postoff-On-Don, Russia, Nov. 2.—The whole town today is in the hands of rioters who are plundering by wholesale. Firing is frequent in the streets. Many persons have been killed or injured. Wounded people are being taken to the hospitals every moment. The clergy left the churches in attempts to pacify the rioters but their efforts have been useless.

BANK ROBBERY ATTEMPTED.

Louisville, Ky., Nov. 2.—An attempt was made early today to rob the Deposit bank of Sulphur, 30 miles east of Louisville. The thieves were frightened away by the arrival of citizens aroused by the explosion. The vault was so badly damaged that experts will be called to open it.

TO MAKE A NAVAL DEMONSTRATION.

Paris, Nov. 2.—The indications are that Turkey's continued refusal to accept the plan of the powers for the financial reform of Macedonia will compel them to make a joint naval demonstration. The Sultan had previously accepted the reforms but has now reconsidered the matter owing to the belief that the powers are unable to agree upon a naval demonstration. It is expected that Russia and Austria will take the initiative with the support of the other powers. The question is now under consideration but a final determination has not yet been reached.

QUESTION OF AIR BRAKES DISCUSSED.

Washington, D. C., Nov. 2.—Whether or not the minimum of cars per train supplied with air brakes shall be increased from fifty to seventy-five per cent, after January 1, 1906, was the question debated before the interstate commerce commission today, the operating chiefs of the railroads taking the negative and chiefs of the railroad brotherhoods the affirmative of the proposition.

The private or line inquiry before the commission was temporarily interrupted by this hearing which had been scheduled for today.

WILL NOT TAKE SUCH BIG RISKS.

Fresno, Cal., Nov. 2.—The manager of the California Raisin Growers Co., received notice yesterday from one hundred and thirty-seven different insurance companies withdrawing their insurance from packing houses and fruit now owned by the association. Raisin insurance is regarded as very dangerous, and is divided between hundreds of companies for that reason. On Oct. 11, one company withdrew but no particular notice was taken at the time. Since then there has been rumors that there was more danger of risk than the companies would care to take, and the insurance are being withdrawn.

CONSULTING BOARD

Of Engineers Will Adjourn From Tomorrow to Next Tuesday

AND THEN A REPORT

From the Sub-Committee on the Isthmian Canal Will Report.

Washington, D. C., Nov. 2.—The full board of consulting engineers of the canal commission at the conclusion of tomorrow's meeting when former Chief Engineer Wallace is to appear, will adjourn until next Tuesday when it is expected the sub-committee on the canal will have finished its report. After that date it is expected that the full board will again hold daily meetings to discuss and draw up a report on the best plan for the canal. This report which is expected to be ready the latter part of this month, will be sent to the Isthmian canal commission which will forward it to Secretary Taft with such recommendations as they may wish to make. Secretary Taft will forward it to President Roosevelt, and it will be transmitted to congress.

ANONYMOUS LETTER

Tells Coroner That Mrs. Todd Was Given Knock-Out Drops

AND THEN MURDERED

By Being Placed on the Railroad Track Where Body Was Found.

New York, Nov. 2.—The proposed autopsy upon the body of Mrs. Margaret Todd, the rich woman who was found dead on a railroad track in Philadelphia, after a mysterious trip from this city, was to have been held today but was postponed until Saturday. Dr. O'Hanlon, the coroner's physician, intends to have the contents of Mrs. Todd's stomach analyzed to ascertain whether or not she was drugged while being taken from the railroad station in Philadelphia by unknown persons, as alleged in a mysterious anonymous letter which the coroner has received. The writer of this letter declared that knock-out drops were first administered to Mrs. Todd after which she was thrown upon the railroad tracks.

Further moves in the legal tangle attending the attempts by several persons to secure portions of the whole of Mrs. Todd's estate in this city were expected today. George G. Hastings, counsel for Mrs. Todd's daughter, Mrs. Frank Tousey, said today that a will prepared by Mrs. Todd and later than the one offered for probate was in existence and in the hands of one of the parties interested in Mrs. Todd's affairs. Mr. Hastings promised to present affidavits to the district attorney today to prove the existence of this later will and to institute legal proceedings to have it made public.

FORETOLD HIS OWN DEATH

Chicago, Nov. 2.—Chas. J. Davlin, the coal operator and banker who failed for near \$4,000,000 recently, and who died Tuesday night, foretold his own death in a conversation with his wife.

"This is the last time, dear," he remarked as his wife kissed him at the hospital. A short time later he was seized with the fatal stroke of paralysis and became unconscious.

HOT SHRAPNEL

Poured Into the Camps Of Bossism

By That Fearless Enemy of Boodlers and Grafters, Gov. Folk.

MAN FROM MISSOURI

Greeted By an Enthusiastic Crowd at Springfield, Today.

Urges Voters to Take Advantage of Chance to Down Bosses.

Springfield, O., Nov. 2.—While the democratic campaign in Springfield was opened in an informal way several weeks ago there has been no particular demonstration until today when Governor Folk, of Missouri, came to deliver an address.

A special car, the handsomest on the S. & X. line, left Xenia, at 11 o'clock, with the speaker. He was met by a large crowd of democratic leaders, including John L. Zimmerman and Mayor Chas. J. Bowls, a candidate for re-election. In another special car a band broke the way to Springfield, and the governor was taken from his car into a carriage and escorted to the Bookwalter Hotel, for dinner. Immediately after dinner he came down into the lobby to find it filled with hundreds of enthusiastic democrats, while the streets on each side of the hotel were alive with people anxious to get a glimpse of the distinguished denunciator of graft. He was hurried into a carriage and taken to the City Hall, which had been filled with people for over two hours, awaiting his address. In his speech, Governor Folk said in part:

"Under our form of government political parties are necessary for it is true that some men come to an agreement on public questions and announce the principles. The time has come when the people will no longer respond to the noise of mere party names. Parties must stand for something and mean something. The question is now, not what the democratic party did fifty years ago, or what the republican party did forty years ago, but what they propose to do now. The way to determine this is not merely by reading the platforms, but by finding out what the candidates stand for, whether they are honest and courageous, and whether they are supported or fought by the lawless element."

"Even now we are on the threshold of nobler ideals. An example was recently set by the distinguished secretary of war, a man whom I admire personally, though we are of different political faith. Secretary Taft, staunch republican that he is, put the public welfare uppermost when he declared in his recent speech at Akron, that if he voted at all in Cincinnati he would vote against the candidates of the Cox machine. He seems to think the destruction of the venal influences of this machine is of far more importance than mere local party success. That was a brave utterance by a brave man. If every man, democrat and republican in Ohio, and elsewhere, were to be as loyal to principles we would have good government."

"Official grafting is the outgrowth of conditions. When the people are indifferent as to their civic duties, they leave them to undesirable elements. Especially has this been the truth in the larger cities, where the average citizen in the past has forgotten that American citizenship carries with it responsibilities as well as privileges."

"The people are supreme, and can get just as good government anywhere as they desire to make it."

As a rule in American municipalities there is a boss, and by that word I do not mean leaders, that organizations must have, but a boss who dictates nominations for office and controls officials after they get in office for private or venal ends. They inevitably attempt to use the organization for business purposes. Their forefathers fought in the war of the revolution to get rid of the bossism of George III. Now their descendants have another boss also named George, who is just as supreme within his sphere as England's monarch. You can free yourselves from this boss by

your ballots. Will you do it? If you do not this time, it is not likely you ever will, for such an opportunity will not occur again. The word "graft" is of such recent origin that it is undefined in the dictionaries in the sense that it is now generally used. The hoodler sells his official vote or buys officials acts contrary to law; he is a grafter, but a grafter is not necessarily a hoodler. Grafting may or may not be unlawful. It is either a special privilege exercised contrary to law or is law itself. When the directors of a great insurance company use the money in their hands for their own profit, that is a graft. When those in control of such company take the funds held in trust for the beneficiaries in insurance policies, without their knowledge and consent, and convert a part of that trust fund into a political campaign fund, they are in the same situation as any one else who misappropriates or embezzles of trust funds, and should be made answer to the criminal laws for their fraudulent breaches of trust.

"If Americans are not for America, America will become for grafters and special interests."

CALIFORNIA IS LONG TIME DRY.

San Francisco, Nov. 2.—The weather bureau's report for October, shows that California is suffering from an extraordinary protraction of the dry season. Agricultural interests in certain sections of the state are seriously threatened by the drought. North of the Sacramento river, in particular, the farmers fear great losses. In that section of the state less rain than usual fell last season, and the lack of moisture this fall makes the outlook doubtful.

The last rain fall was on May which was nearly six months ago. Only nine times in the last fifty-seven years has San Francisco had a rainless October.

MACKAY GIVEN HIS OLD PLACE.

Washington, D. C., Nov. 2.—The secretary of the treasury has notified the collector of customs at Cleveland, O., to restore Capt. Geo. A. Mackay to his former position of marine clerk in the Cleveland custom house. In September last the position was abolished and Mackay was dismissed on the recommendation of the collector, but on appeal, an investigation was made with the result that Mackay was reinstated. The case has attracted much attention among treasury officials.

CARDINAL GIBBONS

Reports Condition of the Catholic University of America.

CORPS OF TEACHERS

Has Been Increased and Funds Have Been Well Invested.

Washington, D. C., Nov. 2.—Cardinal Gibbons, chancellor of the Catholic University of America, in bringing to the attention of the Catholics of the country the annual collection for the support of the university which will be taken upon the first Sunday after Advent, or on the first convent Sunday thereafter, reports a very satisfactory condition of the finances of the institution. In 1903 the amount collected was \$105,191, while in 1904, it was \$115,299.

The receipts of the university from April 1903, to October, 1905, were \$676,658, including all sums from collections, endowments, bequests and sales of property. In the same time the university has increased its teaching corps, and paid all the ordinary expenses of academic work, disbursed for additional equipments, \$10,285, and for improvement on grounds and buildings \$13,338. On the total indebtedness \$166,141.52 has been paid and there is now no floating debt. The entire debt of the university is now but \$50,000 which will be reduced \$10,000, December 1. Cardinal Gibbons says \$355,000 has been invested in first class securities the income of which is available for defraying current expenses.

"The financial security of the university," he said, "means the security of all that was at stake in the founding and development of this great institution. What seemed for a time the gravest of disasters has served, in the providence of God, as a means of proving the devotion of Catholics to their institutions."

HE HAS HORNS

Real Wild Man With Big Prongs

Was Discovered in Illinois Town Where Senators Are Made.

THE PLATE HOLDING

Huge Tusks in Their Place Slipped and Produced Great Pain.

This Drove the Man From Borneo to Physician for Relief.

Chicago, Nov. 2.—A despatch to the Tribune from Springfield, Ill., says: A real wild man, with horns and huge tusks, was discovered here yesterday. He is George Brown, a big negro, hailing from Georgia, who applied to Dr. Walter Ryan to have the silver plate which held the horns in place removed from his head.

For more than a year and six months the negro had been carrying the plate about on his head, concealed beneath the scalp, but recently it began to slip out of place causing considerable discomfort.

He said that the plate had been inserted under his scalp for the purpose of fastening two horns upon it. At the same time two of his front teeth had been saved off and supplied with gold crowns upon which could be screwed down two formidable looking tusks and when this had been accomplished he went on the road with a show, posing as a wild man.

He declared that in this fashion he had traveled all over the state of Georgia, attracting hundreds of people, and causing them to wonder. The negro said the plate had been hurting him for some time. Dr. Ryan took the man to St. John's hospital where he removed it.

IT WAS ANOTHER PASHA WHO DIED.

Washington, D. C., Nov. 2.—Some confusion having been caused through published statements that Edhem Pasha, who recently died in Constantinople was the commanding general of the Turkish forces in the Greco-Turkish war of 1897. It can be stated authoritatively that Gen. Ibrahim Edham Pasha, the Turkish commander general in 1897 is still alive and that Edham Pasha who died was the director of the military schools and in no way connected with the war.

ANOTHER BIG STICK IS READY.

Washington, D. C., Nov. 2.—The navy department is arranging to have the preliminary trial of the battleship Virginia, now building at New Port News, take place about November 21. This brings another big battleship close to the point where she will be ready to be placed in command and carry the flag out on the high seas. Like the battleship Rhode Island, which has reached the trial stage, the Virginia has a displacement of 14,493 tons and designed for a speed of 19 knots. Her complement calls for 40 officers and 772 enlisted men. The Virginia is fitted as a flagship.

CITROUS FRUIT CROP IS GREAT.

Ventura, Cal., Nov. 2.—The citrus fruit crop promises to be from 10 to 15 per cent greater than last year in this county, and the price also promises to be better, especially on oranges. The growers in several parts of the county have made extensive additions to their packing houses, notably in Santa Paula and at Limonera.

This year the orange crop in the Ojai will reach 75,000 boxes. Santa Paula will grow 125 carloads. Willmore section will have 200 cars; Peru and Colia, twenty-five cars. Of the lemons there will be three hundred and fifty cars from Santa Paula and Limonera and 60 cars from Willmore. Last year Limonera where the big lemon orchard in the world is located, shipped 265 cars. Many new orange and lemon orchards have been put out during the past season.

SPIRIT WORLD

As Well as the Realm of Mortals

Represented in the Guest Assemblage at the Chown Valhalla.

A BEAUTIFUL WEDDING

With Ceremony in Accordance With Spiritualistic Faith,

Unites the Lives of Miss Pearl Chowh and Mr. Homer Briggs.

At the Chown Valhalla, the home of Mr. and Mrs. Chas. M. Chown, 29 Public Square, at five o'clock last evening, occurred the marriage of their daughter, Miss Pearl Chowh, to Mr. Homer T. Briggs, formerly of St. Paul, Minn. The wedding was a spiritualistic marriage, the first ever held in this city, the ceremony being performed by Rev. Moses Hall, a minister of the Spiritualistic faith, who was summoned here from Whitewater, Wisconsin, to officiate. He was assisted by Mrs. Hall, an inspiration medium, who, at the close of the spiritualistic ceremony, recited a beautiful poem, inspired at the moment for the occasion. One hundred guests were present in the flesh and the father of the bride is authority for the statement that several thousand invited guests were also in attendance from the spirit world.

The home was decorated with smilax and maiden hair fern, roses and chrysanthemums. An aisle of palms through which the bride and groom entered unattended, led to a lower of green arranged in the doors connecting the parlors. Here they were met by the officiating minister. Preceding the wedding march played by Prof. Clint Richmond, Miss Elma Longworth, of Delphos, sang in a sweet soprano voice, "O Promise Me." The bride, who is a beautiful girl, was gown in white crepe de chine over tulle, and wore a veil of tulle, which was fastened to the hair with rose buds. Her flowers were white chrysanthemums and her only ornament, a diamond bracelet, a gift of the groom.

Rev. Mr. Hall before performing the formal ceremony of the marriage, addressed the assemblage with the following:

"Ladies and Gentlemen: You are here as the guests of the couple standing before us, Mr. Homer Briggs and Miss Pearl Chowh. You are here by their invitation, to witness the ratification of a marriage which has taken place in their own hearts.

"Marriage is natural. It exists everywhere, in the mineral, the vegetable and the animal kingdom alike. It exists in the animal kingdom from the tiniest insect or the lowest reptile up to the highest expression of life in man and woman.

"Marriage has two great objects: the first is companionship, co-operation, assistance and love for each other under all circumstances; the other is the perpetuation of the race. No license that can be issued by the state, nor words that can be said by a minister can make this couple any more man and wife than they are now. All we can do here is to ratify and advertise a union which already exists between them.

"I ask this couple no questions, as all questions between them belong to themselves alone—not to the public; and have been asked and answered perhaps to their entire satisfaction. I never ask either party to promise to obey the other. The marriage relation is not the relation of master and slave but that of equal partners: it is a relation of interdependence, where each is under the same obligation as the other.

"I now ask those here assembled, does any one know any reason why the marriage of this couple should not be here and now ratified? Hearing no reply we will now proceed. Then turning to the couple, the speaker said: 'You will now signify to these friends your marriage, and your desire to hereafter be known as husband and wife by joining your right hands.' May your hearts and lives ever be as closely and as thoroughly united as your hands are now joined."

Then, handing Mr. Briggs a gold ring, Rev. Hall said: "Mr. Briggs, you will signify to Miss Chowh, in the presence of these witnesses, the endorsement of all you have and all you are upon her by placing your right hand upon her finger and Miss Chowh, you will signify in the presence of these friends the presentation of all you have and all you are to

preserving him to me, this ring, which is his." The couple then joined hands and were pronounced man and wife by the authority of the minister, and by the authority vested in him as a minister of the gospel. I pray for the ratification of your marriage contract. You are husband and wife.

"I have the honor to be, my friends, your obedient servant. I will ask Mrs. Hall to give us a short improvisation."

Mrs. Hall responded with the following: "There was an archer with bow of gold. He shot his arrow when he saw his love. It always went to some tender heart. But was always bound up with Hyacinth's strands. We are told this matter in modern days. It is known to have some curious ways. Not long since he put Pearl in his dart. And it went direct to a young man's heart. He smiled—and as if in magic spell. He said, 'I will guard this dear Pearl well.' And placed it close to his throbbing breast. Where we hope this Pearl will henceforth rest. We wish him joy through future years—May his marriage tour be through the spheres: May heaven grant this priceless boon. 'Eternity be his honeymoon.'"

The Benediction. "Heaven bless this couple in all the ups and downs of their two lives now made one, as they travel the journey of this life, be it long or short, may they be more and more to each other, and whom love has joined together let no discord put asunder."

Following the congratulations of the one hundred guests, who also offered best wishes to Mr. and Mrs. Chown, this day being the twenty-sixth anniversary of their marriage, were seated at three long tables and an elaborate wedding dinner served. The bride table was beautifully decorated, the color scheme here, as well as on the other tables, being yellow and white, yellow and white chrysanthemums and yellow candles with yellow shades, assisted in carrying out the artistic idea. The gifts were many and formed an array of silver, cut glass and china. Mr. and Mrs. Briggs will leave this evening for a trip, and after November the fifteenth will be at home to friends at 27 1/2 Public Square.

Mr. Briggs, recently came to this city from St. Paul and has made many friends, who will offer congratulations upon winning a bride of so many charming characters.

Among the guests from out of the city were: A. J. Phillips, Maquoketa, Iowa; R. B. Phillips, Jackson, Mich.; Rev. and Mrs. Moses Hall, Whitewater, Wis.; Mrs. John Wieman, Miss Florence Interrieden, Minister, Ohio; Mrs. Lillian A. Edgerly, Ft. Wayne, Ind.; Miss Elma Longworth, Delphos, O.; Mrs. W. T. Jacobs, Miss Nellie Jacobs, Vanhusville; Mr. O. A. Edgerly, Lynn, Mass.

GUARDIAN GRANTED

Though the Ward Herself Took the Stand Against It.

THE SHOEMAKER CASE

May Now Be Fought Out on the Allegation of Fraud.

To attention of the common pleas court was engaged today in hearing the appeal in the matter of the appointment of a guardian for Phoebe Shoemaker, an alleged lunatic. The appeal was fought by attorneys for Mr. and Mrs. Hance, as well as by attorneys in behalf of the woman herself. Testimony was taken from Mrs. Shoemaker, Mrs. Hance and others, and at the conclusion Judge Cunningham sustained the appointment of Attorney Scott as guardian, made by Judge Miller some weeks ago.

This decision is quite important from the fact that there is now a case pending in which the guardian is plaintiff against Mr. and Mrs. Hance in the pleadings it being charged that they fraudulently secured a deed of Mrs. Shoemaker's farm. This case will now likely be fought out by all parties concerned.

PLAYED GOOD GAME

And Were Royally Treated by the Boys of Ohio State.

SCORE STOOD 23 TO 0.

Garry of Lima College Twice Came Near Scoring Points.

The foot ball eleven of Lima College returned from Columbus last night, highly elated at the showing they made against the strong team of Ohio State University.

In addition to this the local gridiron warriors were royally treated, their money was as counterfeited, and the boys of Thompson's school showed them all about the university grounds, and seemed to take an especial pride in paying them honor.

The teams lined up at 2:30 with Coach Sweetman, of O. S. U., as referee and Attorney Warren McLaughlin, of this city as umpire. In the first half the game was close, the Ohio State boys scoring but a single touchdown, and the fifteen minute half ended 5 to 0.

The second half was late in the finish, it having grown very dark, and two of the touchdowns were made with darkness making it almost impossible for the Lima men to see what player had the ball. In this half, only the slippery condition of the field, prevented Garry, Lima's star from scoring a touchdown. Garry got the ball on a fumble, ran sixty yards in a clear field, but his shoes gathered the slippery mud, finally tripped him up on the ten yard line. At another time, on a full back punt, Garry got the ball and carried it thirty yards to the ten yard line of O. S. U. when an attempt at a field goal failed. Final score: Lima 8; O. S. U. 23.

FUNERAL SERVICES Held Over the Remains of J. F. Ralston.

The funeral of the late Joseph F. Ralston was held from the home of Mr. and Mrs. Elmer B. Mitchell, on West Market street, this morning and the services were largely attended by friends of the deceased and of the family. The services were conducted by Rev. J. M. Avann, pastor of Trinity M. E. church. The full bearers were Messrs. W. L. Harmoner, G. M. McCullough, E. C. Mackenzie, R. E. Davis, Prof. S. Steffens, of this city, and Sol. Blair, of Ft. Wayne, Ind.

The remains were consigned to a resting place in Woodlawn cemetery.

TRIPLE SUMERSALLT.

Is Successfully Achieved to the First Time in Many Years.

New York Times. Dan O'Brien achieved a feat of his life at the Hippodrome, one morning recently when he executed a triple somersault from a high spring. The feat has never been accomplished before a lay audience and here high school athletes have been astonished at it and heard it was a stunt. That O'Brien executed with getting worse than a stunt in a matter of a minute to his own associates. They expected to carry him off the stage to a hospital.

O'Brien has spent his life leaping over elephants and camels. He claims the proud double-somersault record of 32 feet, but had been accused from attempting a third turn by the fate of comrades of the ring.

"This keen fall weather has put new life and energy in me," he announced one night to his fellow leapers at the Hippodrome. "I'm here to-morrow morning and I'll do something to boast about or quit leaping for good."

Frank Melville, equestrian director, and Colley Morella, John Davenport and Thomas Cook, acrobats, assembled with O'Brien on the big stage at 8 o'clock, and the long narrow runway and springboard were put in position. O'Brien lumbered up with a series of single and double somersaults, and announced himself ready for the supreme trial. Property men, carpenters and chorus girls and men awaiting rehearsal call gathered in awesome silence.

The straw "bed" on which the acrobat alights was placed 25 feet from the springboard and Melville gave the signal. The spunged acrobat dashed at his highest speed down the runway and hit the elastic plank with a terrific bound. Up he was thrown for almost 15 feet, with hands tightly clasping both legs between the knees and ankles, and pressing them closely together. The play of the muscles of shoulders and back was distinct. Twice he revolved, and then, when to the white-faced onlookers his energies seemed exhausted, and he appeared about to fall, he turned again and landed limp and inert in the center of the pad. Before his comrades had reached his side he was on his feet, pale but smiling.

"I lost all brain sense after the second turn," he panted, "and expected to land on my head or on the back of my neck. I'm content with the double hereafter."

O'Brien's exploit was the sole topic of discussion among the Hippodrome performers last week. "The first man to turn a triple somersault," said Frank Melville, "was a performer in Van Amburgh's Circus in Mobile, Ala., in 1842. He broke his neck. William J. Hobbes made the attempt at Astley's Amphitheater, London, in the season of 1845-46. He was instantly killed. The next one was John Annet. He had been successfully turning a double, and was the original in accomplishing it over four horses. He tried a triple at the Isle of Wight, England, in 1859 turned twice, landed on his forehead and broke his neck. Sam Reinhardt, while traveling with Cooper & Bailey's Circus, became dissatisfied with the double somersault feat and was anxious to do a triple. He did it at Toledo, Ohio, in 1870, making a high leap, turned twice and a half, alighted on the broad of his back and was disabled for some time. Billy Dutton accomplished the feat at Elkhart, Ind., in the summer of 1880, but he never made another attempt. Bob Strickney did it while practicing at a gymnasium in Fourteenth street. He

THE REAL QUESTION. The real question of disease is "Can I be cured?" If you or anyone dear to you is losing strength, flesh, energy and vitality, if you are wise you will not spend time trying to cure your ailment, but will turn to the only reliable remedy, Dr. Pierce's "Golden Medical Discovery" after reputable physicians have pronounced it hopeless. Hundreds of people have been restored to robust health by Dr. Pierce's "Golden Medical Discovery" after reputable physicians have pronounced it hopeless.

Were they in consumption? No body can ever know. The important point is that they were hopelessly ill but this marvelous "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Dingman, of Van Buren, Kansas, who, in a most interesting letter to Dr. Pierce, "I had pain in my left side and back, and had headache all the time. Last spring I had a bad cough, I lost so much weight that I could hardly get up. I had thought I had consumption, but I had not. I was cured by Dr. Pierce's 'Golden Medical Discovery' and before I had taken one bottle the cough was stopped, and I have had no more of it since. Your medicine is the best I have taken."

The first time that he attempted it was at St. Louis, in September, 1874, with John Wilson's San Francisco Circus. He made three trials over five horses, in two of which he landed on his feet. The next time he tried was at St. Louis in 1876, with Howe's London Circus. This time he landed on a bed in a sitting posture. He did it again at Eau Claire in 1881, with Adam Forepaugh's show; also a few days after at La Crosse. The last time that he accomplished the feat was at New Haven in 1884, with the Forepaugh show, in the presence of the Mayor of the city and many newspaper correspondents.

THE DOUBLE-BREADED REEFER

FOR THE SMALL GIRL.

For school and every-day wear in fall weather there are few models at once so smart, practical and all around comfortable as the double-breasted reefer or box coat. In deference to the vogue of fitted garments for their elders, those for the younger generation are assuming semi-fitting lines where formerly they hung full and loose. A dark red chevron makes this pretty little model, the rich red making it especially suitable and cheery for cold weather wear. There is a seam down the center back, and the fit is adjusted by means of the shoulder and under-arm seams. The turnover collar is all in one piece, flaring into a reverse shape at the corners, and interlined with a princess haircloth, as is also the sleeve wrist, to hold the shape. The fronts fasten over in double-breasted style, and convenient pockets appear on the hips. The sleeves are comfortably full at the top, tapering into a close-fitting outline below the elbow.

FOR HARD COAL.

Regal Jewel is the best heater of its kind on the market and is one of the most efficient heaters.

Embodies every modern practical feature as desirable in a base burner. Attractive design, heavy enough in all parts to come in contact with the fire, and beautifully ornamented.

Its tight construction throughout; Oak wood fire longer than any other oaks, and very latest most improved oak chimney provided with hot blast tube.

Smoke. No Soot.

The hot blast duct in this oak does not interfere with the introduction of air, while it conveys the hot air blast to that part of the fire chamber where it is required to effect the best results when fuel is used.

The Vulcan Jewel, when operated according to directions, burns a very large percentage of the gas which is thrown off from soft coal under heat together with a good part of the soot, converting them into heat; burns soft coal siftings, slack, etc., with cleanliness; effects perfect combustion of the fuels mentioned.

Siftings, slack and the cheaper grades of soft coal may be burned in this stove with practically the same convenience and the same results as are obtained from hard coal used in a good base burner.

Will hold fire 30 hours or more without attention, supplying heat from one to two hours each morning from fuel put in the night before, requires no more attention than does a good coal base burner.

for of Grace M. E. church.

We the members of the Pastor's Union of Lima, desire to express our deep sorrow and our sympathy with the bereaved family and the congregation in the following resolutions:

1. That we fully appreciate the noble Christian character and the good and faithful service, which Brother Wiltsee has rendered during his stay in Lima to his church, the Pastor's Union and the community at large by his most earnest endeavors to spread the Gospel of our Saviour, to fight sin and all manner of wickedness, wherever encountered and to raise the moral standard of humanity, so as to bring it nearer the Divine image and into conformity with the Divine will.

2. That Brother Wiltsee has been a most efficient member of our Pastor's Union, one who took a deep interest in all its proceedings and a co-laborer in every good cause we aimed to attain.

3. That we humbly bow our heads and willingly submit to the command of the Lord of Hosts, who has now, after a gallant fight and much suffering, called his faithful servant from the church militant to the church triumphant and given him the crown of victory.

4. That these resolutions be spread upon the minutes of the Pastor's Union and a copy be delivered to the bereaved family and to the press of the city.

Respectfully,
THE PASTOR'S UNION,
of Lima, Ohio.

Resolutions on Rev. R. J. Thomson.

Whereas, God in His inscrutable providence has laid His hand heavily upon our Brother, the Rev. Dr. R. J. Thomson, pastor of the Market Street Presbyterian church, who has suffered for months and is still suffering from a nervous malady which seems to be of human skill and the aid of physicians, and

Whereas, Dr. Thomson has always been a most valuable member and co-laborer of our Pastor's Union, a brother of unquenchable Christian character, untiring zeal in the pursuit of his divine calling, and an adept in all the phases of the Christian ministry.

We, the members of the Pastor's Union of Lima, Ohio, do herewith extend to him, and to his family, as

well as the congregation which he has served so acceptably and for so long a time, our heartfelt sympathy and deep regret over his unfortunate plight.

Resolved, That we firmly believe in the Providence of God, overlooking all things for the good of His people.

We, therefore, acknowledge His hand even in our brother's severe affliction and hopefully wait upon God for help.

Resolved, That we will unitedly engage in earnest prayer for Brother Thomson's speedy recovery, knowing that our "Lord's hand is not shortened, that it cannot save; neither His ear heavy, that He cannot hear."

3. That we recommend our suffering brother and his household to God's care and keeping. His will be done.

4. That these resolutions be spread upon the minutes of the Pastor's Union and that a copy be presented to the family of Dr. Thomson, and to the daily papers.

The best attraction that has been given a place on the boards at either of the local skating rinks is that now on at the Auditorium where Prof. Albert C. Waltz, the accredited champion trick and fancy skater of the world began a series of exhibitions this afternoon. Prof. Waltz made his first appearance in Lima and gave his first performance at the Auditorium at 2:30 o'clock this afternoon and performed many feats that, until witnessed would be considered utterly impossible. He rides a unicycle in full dress costume and disrobes without dismounting. He also rides on two roller skates, skating with front trucks removed and also with rear trucks removed. His performances are of the very highest standard and are intensely interesting.

Prof. Waltz will be at the Auditorium the remainder of this week and will give exhibitions each afternoon at 2:30 o'clock and each evening at 9:15.

The November meeting of the Men's club of First Baptist church will be held Friday evening, Nov. 3, with Mr. W. L. Parmenter, corner of Market and Collett streets. It will be to the interest of all men of the church to attend this meeting.

Feed Bunn, the present city and
county clerk, is not a candidate for

democratic votes. He is an honest
and manfully capable official and his
election to the clerkship would be a
great advantage to the city.

The Gazette discredited him with the

ROCK AND LIGHTING.

It is a fact that the average citizen
of this city is not a citizen of the
city. He is a resident of the city, but
he is not a citizen. He is a resident of
the city, but he is not a citizen. He is
a resident of the city, but he is not a
citizen. He is a resident of the city,
but he is not a citizen. He is a resident
of the city, but he is not a citizen.

Is it any wonder Newson and "Boss"
Cox have long distance telephone
calls?

DON'T NEGLECT THIS.

A very important thing for the
voter of a municipal ticket, to know
when he enters his booth next Tuesday
is this:

If you put a cross under the eagle
for example, and then drop down to
the board of public service, and put a
cross in front of a democrat running
for that office, thinking that the cross
under the eagle would carry through
two of the republican candidates
for board of public service you would
be mistaken.

You would lose them all and for
this reason:

The candidates for board of public
service, and the same is true of the
councilmen at large, there being three
to elect in the former case and two in
the latter constitute a class ticket.

No one candidate is running against
any particular candidate.

If you vote a mixed ticket the safe
thing to do is to put a cross in front
of every candidate whose candidacy
you wish to succeed.

ABOUT ROYAL PREROGATIVES.

Gov. Herriek, speaking through
Chairman Dick, in his thirty-second
annual address to the legislature, said:

"There was a time in English law
when the right to make a will did not
exist, and that when a man died, the
king took a good share of his estate,
and the church another good-sized
portion. The right of the state to tax
the privilege of receiving a fortune
from an ancestor has always been
recognized, and such taxation has always
been considered eminently just and
proper. The great nations of Europe
all impose such a tax and have long
done so."

That knocks out all the democratic
argument. The idea that King George
the present shall be deprived of the
right to take a "good share" of the
property of the dead as well as the
living is shocking to think about. Let
his majesty have it all. Herriek, Dick
and several others exist profitably
only by the great compassion and
gracious permission of King George
Bartholomew Cox, who now merely asks
to run his kingdom of Ohio as the
supreme monarch of the old world run
"the great nations of Europe." Sound
asible and let the king bless. Chief
Apologizer Myron T. Herriek and Head
Tender Charles Warwhooper Dick.

ANTE-ELECTION QUESTIONS.

When was Gus Kaly initiated into
the Ancient Order of Hibernians?

How much of the taxes that were
spent to build the school houses,
street improvements and sewers of
Lima, was paid by Frank Downing?

When did H. C. Napier ever cross
the Pennsylvania tracks before?

What question ever arose in the
city council that George Newson did
not straddle?

If Donze, Napier and Abbott are
elected members of the board of public
service who will they serve, the people
or Quail and Gale? Quail and Gale
said they wanted them nominated
in that famous city convention so
they could control them after they
were elected.

Will Emmet Helmer be the next
secretary of the water works department?
Up to the voters.

Jim Smiley was city clerk once. Do
the citizens of Lima want him in that
position again?

Who will become "Lindbergh" police
major in the event of his election?
Will he serve the taxpayers or will
he extort the man who nominated
him? Quail and Gale said they
wanted him nominated so they could
control him after he was elected.

SOMETHING TO REMEMBER.

The democratic council of Allen
county, when they go to the polls
Friday, they should not fail to take
into account of their republican
members in the fact that Allen county

under democratic management has
been and will be a more efficient
body of men than the republican
body of men that has been and will
be a more inefficient body of men.

Then point out to them that Lima
is a city of 10,000 people, and that the
city of 10,000 people is a city of 10,000
people, and that the city of 10,000
people is a city of 10,000 people.

You will not have to present any
other argument to get him to vote
the straight democratic ticket, unless
of course he is a taxpayer. Quail,
who is not a taxpayer, has no interest
in the city's indebtedness other than to
make a big deal.

ASK YOURSELF.

They say, "Boss" Quail, Jimmy Helmer,
Albert Gale, Bertha Campbell and
Frank Downing say there are some
democrats who are going to vote for
"Tommy" Jones, "Tommy" Edwards
and Wesley Wright.

If there are such we request them
to look themselves square in the face
as men, and not as democrats, and
ask themselves if they can give any
good reason.

Just be honest with yourself before
you cast your vote and photograph the
ability and character of Tom Edwards
alongside that of William Roush, both
candidates for county clerk.

If Mr. Roush suffers by the contrast,
vote for Edwards.

Then take Thos. Jones and Arnold
King into the gallery for a good look.
Size them up from all standpoints—
character, business, record, honesty,
and ability to serve the people in an
efficient and rapid manner.

If Jones has the best of it vote
for him.

Then turn your mental picture
machine on Thomas Grubb and Wesley
Wright. Both clean men and prosperous
farmers; the former, the democratic
candidate for commissioner, and the
latter the republican. Examine them
carefully as to honesty, ability and
general character, and if your
impressions and comparisons
tell you that Wright is the superior
man for county commissioner, vote
for him.

Then go on down the line, examine
into the qualification of the democratic
and republican candidates for
each office.

Do this as an interested citizen,
and as every taxpayer ought to do
and when you are through with your
personal investigation, then ask your
self as a democrat, if the men who
are on the democratic ticket are not
as good, if not better qualified for
office than the republican candidates.
If they are just as good, and you
are a democrat, a believer in the
principles of democracy, what should
you do?

There is but one thing you can
do and be honest with yourself, and
that is to vote for the men who stand
for what you believe in.

We are not afraid to have you ask
the best.

The democratic ticket will not suffer
by comparison or in the ballot box
if the democrats of the county play
fair with themselves.

"ARROGANCE, IMPUDENCE AND
EGOTISM."

"George Newson's assumption that
he is the only man to see the state
hospital is the worst piece of tommy
rot ever put out. For an example of
arrogance, impudence and egotism he
is the limit. Why, he wouldn't be an
inch high down there. Walter B.
Richie and such men are the ones
who have located this hospital. I
will come to Lima. The state will
care for its unfortunate wards—its
matter of charity, and no member of
the legislature will cheaply effect the
matter either way."

These were the words of one of
Lima's best business men and one of
our ablest and most respected citizens
who has been foremost in building up
our city.

Another prominent business man,
a member of the Progressive Association
and a leader for everything Lima
has ever said to his clerk: "Well,
I guess the hospital does not depend
on George Newson. What did we depend
on since?" As a campaign doctor
the state hospital is poor material."

"I am not a poor proposition to
give to the citizens."

Big doings at Lima.

Lima, Penn., Nov. 2.—Great
excitement prevails in the streets here.
The city is thronged with visitors
who have arrived in Lima by water
and by land to witness the festivities
in honor of General Scott
Pena, former president of Argentina,
who is coming here from Buenos
Ayres to take part in the inauguration
of the monument to General
Bolognesi, the hero of the defense of
Ayacucho during the Pacific war.

Accidents will happen, but the
responsible families keep Dr. Thomas'
Electric Oil for such emergencies. It
relieves the pain and heals the burn.

Three attempts
will be made by Walker to
defeat Skater.

The management of the Majestic
rink has secured an attraction for
Thursday, Friday and Saturday
evenings of this week, a hand-to-hand
contest between Willie O'Connor, one of
the best of the many local skaters,
and Chas. F. Morse, the champion
professional skater of Michigan.
In a square heel and toe walk, Mr.
Morse will attempt to walk one mile
on the Majestic rink while O'Connor
skates two miles. The contests have
been held elsewhere during the
season and have proven intensely
interesting.

QUIET REIGNS

In Boilermakers' Strike
With No Change.

Efforts at Adjustment Are

Said to Be Now in

Progress.

OUTSIDE MECHANICS

Have Not Yet Arrived Here

and no Work Is Being

Done.

Some of the Men Who Are

Out and a Review of

the Situation.

There is something in the air, and
that calm before the storm is very ex-
pressive of the strike situation at the
C. H. & D. shops today. Things are
working quietly, and everything is
moving along smoothly, with each side
showing no change of front, but ef-
forts at adjustment of present dif-
ferences are hopefully viewed by many.

So far as can be ascertained no
thing is moving in the boiler works
departments of the shops, and the only
two boilermakers who have arrived in
the city, were seen by union men
and agreed to leave without going near
the shops.

President George Dunne, of the Na-
tional Boilermakers' Union, was ex-
pected here today, but wired from In-
dianapolis that he was very busy
there, and guarding matters in the
shops at that point on exactly the
lines that would be needed here, but
that he will come when he can remove
any aid.

From the offices of Master Me-
chanic Hirscher it is reported that
there is no change in the situation,
and none is expected until the arrival
of outside workmen. However, it has
become evident that the presence of
the boilermakers is being felt on the
road, a number of engines being re-
ported in a "staying" condition. It is
further evident that this is true, when
it is stated that both Master Me-
chanic Hirscher and Assistant Re-
porter have been engaged the past two
days in "tramping" the road, engines
which demand immediate repairs in
the road house.

There have been a number of rum-
ors on the street regarding the possi-
bility of other trades joining in the
strike, but a number of the boiler-
makers when asked regarding this to-
day, stated there was no truth in it
whatever. "This is our fight, and we
consider it a just one, but we do not
wish to involve any other unions in
it," was the way the question was
generally answered.

A visit to the shops this afternoon
found all gates padlocked, but no
trouble of any kind has occurred. At
times, however, are being capably
watched, and the first appearance of
outsiders is known to the local men.
A delegation is on hand both morning
and afternoon watching the entrances
to the shops.

High Officials May Come.

An informant well posted on the
situation told the Times-Democrat to-
day that he had it on good authority
that high officials of the road, both of
the C. H. & D. and the old Erie were
expected here tonight, and they would
go to the bottom of the matter person-
ally. There is a general fear of a
spread of the trouble which the road
does not wish to precipitate.

PRESIDENT DUNNE

Well Remembered Here and Much
Confidence is Placed in Him.

President George Dunne, who or-
dered the strike on, is well known in
Lima, where he worked a number of
years ago. He was a talented young
man at the time, and it was his fellow
boilermakers in the old Lima Locomo-
tive & Machine Works who gave him
the nickname under which he has
become nationally designated as
"Whip" Dunne. He is an orator of
some ability, and a clever diplomat,
and has always been known to be
square with both sides of a propo-
sition. Mr. Dunne is now at Indian-
apolis.

AVERAGE TERM

Of the Service of the Strikers Will Ex-
ceed Thirteen Years.

An interesting feature in connection
with the strike was called to the at-
tention of the Times-Democrat this
morning. Nearly all of the men at
present in the strike, and especially
the skilled mechanics, have served a
long term of years in the service of
the Cincinnati Hamilton & Dayton
Railroad Co. Of every group of the
men whose records in the boiler shop
were known, the terms of service

ran from one to thirty-five years,
and the average figured a fraction
over thirteen years. Following are the
names of these twenty-one men, and
the number of years they have served
the company:

Ed Fitzgerald and Max Huberman,
35 years each; J. Whiting, J. Platen
and G. Boyle, 25 each; Peter O'Nell,
18 years; T. Mitchell, 17; Dan Murray,
15; Frank Schaefer, 12; Henry Schaefer,
12; Jas. Hebert, 8; J. O. Brown, 7;
Tim McAvoy, 7; Tom Gorman, 6; M.
Wells, 5; M. Herbe, 4; H. Korn, 3;
T. Doyle, 2; R. Deane, 1; Ed. Huns-
hew, 1; P. O'Connell, 1.

REGAL JEWEL
FOR HARD COAL.

Regal Jewel is the best heater of its kind on the market and is one of the most economical burners.
It embodies every modern practical feature desirable in a base burner. Attractive in design, heavy enough in all parts to remain in contact with the fire, and beautifully ornamented.
A right construction throughout. Oak body keeps fire longer than any other oaks.
The very latest most improved oak construction provided with hot blast tube.

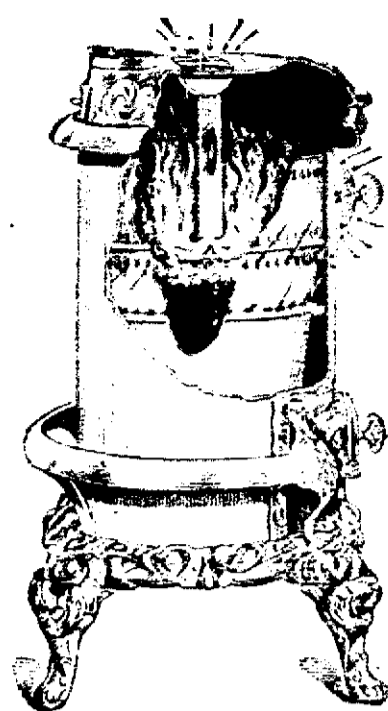

No Smoke. No Soot.

The hot blast duct in this oak does not in the least interfere with the introduction of bulky fuel, while it conveys the hot air blast to just that part of the fire chamber where it is required to effect the best results when soft coal is used.

There is many a steel range on the market today, sold at a higher price, which cannot compare with the leader, Jewel, for durability, beauty of design and finish, smoothness of castings, and completeness of equipment. The makers of Jewel Ranges have their own immense foundries and a larger force of expert stove pattern makers and practical designers than is employed by any other stove manufacturer in the world. Most other ranges are built from castings bought in the open market, where prices rule. Nothing but the best of high grade materials enter into the construction of Jewel Ranges have their own immense foundries and a large one-half millions of Jewel Stoves and Ranges in use, giving good satisfaction; with the Jewel business increasing each succeeding year, argues that "When You Buy a Jewel Range You Run No Risk Whatever."

They are the Best Stoves made. They are all guaranteed. They are all perfect bakers. They will last a lifetime. They are pretty Stoves. They are the cheapest stoves because they are the best.

VULCAN JEWEL
HOT BLAST.

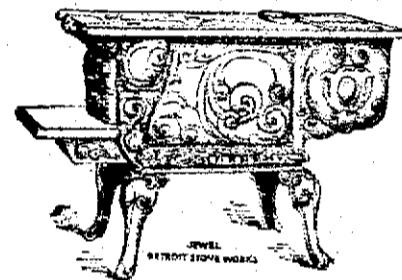

The Vulcan Jewel, when operated according to directions, burns a very large percentage of the gas which is thrown off from soft coal under heat together with a good part of the soot, converting them into heat; burns soft coal siftings, slack, etc., with cleanliness; effects perfect combustion of the fuels mentioned.

Siftings, slack and the cheaper grades of soft coal may be burned in this stove with practically the same convenience and the same results as are obtained from hard coal used in a good base burner.

Will hold fire 36 hours or more without attention, supplying heat from one to two hours each morning from fuel put in the night before, requires no more attention than does a good coal base burner.

Roomy air tight ash pit, large baled ash pan.

Over thirty-nine years experience in good stove building lies behind the perfect Jewel stove of today.

THE PASTOR'S UNION

Pay Tribute in Resolutions
To the Memory of
Rev. Wiltsee.

SEVERE AFFLICTION

Of Rev. R. J. Thomson Also
Called Forth Expression
of Sincere Regret.

Rev. R. J. Thomson, pastor of Grace M. E. church, Lima, Ohio, has been called to his rest after a long and painful illness. His death is a great loss to the church and the community. The Pastor's Union of Lima, Ohio, has adopted the following resolutions in honor of his life and work:

1. That we fully appreciate the noble Christian character and the good and faithful service, which Brother Wiltsee has rendered during his stay in Lima, to his church, the Pastor's Union and the community at large by his most earnest endeavors to spread the Gospel of our Saviour, to fight sin and all manner of wickedness, wherever encountered and to raise the moral standard of humanity, so as to bring it nearer the Divine image and conformity with the Divine will.
2. That Brother Wiltsee has been a most efficient member of our Pastor's Union, one who took a deep interest in all its proceedings and a confidence in every good cause we aimed to attain.
3. That we humbly bow our heads and willingly submit to the command of this Lord of Hosts, who has now, after a gallant fight and much suffering, called his faithful servant from the church militant to the church triumphant and given him the crown of victory.
4. That these resolutions be spread upon the minutes of the Pastor's Union and a copy be delivered to the bereaved family and to the press of the city.

Respectfully,
THE PASTOR'S UNION,
of Lima, Ohio.

Resolutions on Rev. R. J. Thomson.
Whereas, God in His inscrutable providence has laid His hand heavily upon our Brother, the Rev. Dr. R. J. Thomson, pastor of the Market Street Presbyterian church, who has suffered for months and is still suffering from a nervous malady which seems to battle human skill and the aid of physicians, and

Whereas, Dr. Thomson has always been a most valuable member and counselor of our Pastor's Union, a brother of unquestioned Christian character, untiring zeal in the pursuit of his divine calling, and an adept in all the phases of the Christian ministry.

We, the members of the Pastor's Union of Lima, Ohio, do herewith extend to him, and to his family, as

well as the congregation which he has served so acceptably and for so long a time, our heartfelt sympathy and deep regret over his unfortunate plight.

Resolved, That we firmly believe in the Providence of God, overlooking all things for the good of His people.

We, therefore, acknowledge His hand even in our brother's severe affliction and hopefully wait upon God for help.

2. That we will unitedly engage in earnest prayer for Brother Thomson's speedy recovery, knowing that our "Lord's hand is not shortened, that it cannot save neither His ear heavy, that He cannot hear."

3. That we recommend our suffering brother and his household to God's care and keeping. His will be done.

4. That these resolutions be spread upon the minutes of the Pastor's Union and that a copy be presented to the family of Dr. Thomson, and to the daily press.

Twice a Day.

The best attraction that has been given a place on the boards at either of the local skating rinks is that now on at the Auditorium where Prof. Albert C. Waltz, the accredited champion trick and fancy skater of the world began a series of exhibitions this afternoon. Prof. Waltz made his first appearance in Lima and gave his first performance at the Auditorium at 2:30 o'clock this afternoon and performed many feats that, until witnessed would be considered utterly impossible. He rides a unicycle in full dress costume and disrobes without dismounting. He also rides on two unicycles and performs all kinds of difficult and seemingly impossible stunts on roller skates, skating with front trucks removed and also with rear trucks removed. His performances are of the very highest standard and are intensely interesting.

Prof. Waltz will be at the Auditorium the remainder of this week and will give exhibitions each afternoon at 2:30 o'clock and once evening at 9:15.

The November meeting of the Men's club of First Baptist church will be held Friday evening, Nov. 3, with Mr. W. L. Parmenter, corner of Market and Collett streets. It will be to the interest of all men of the church to attend this meeting.

BATHROBE OR DRESSING GOWN
FOR THE DEMOISELLE.
A pretty shade of coral pink henri-
etta makes this pretty and practical
garment, that will answer equally
well as a bathrobe, dressing gown
or a lounging robe. Both fronts
and back are deeply pleated in the
center, there being a skeleton yoke
underneath to which the pleats are
tacked to hold them in place. The
Capuchin hood that is slung over the

shoulders is both useful and orna-
mental, and may be lined either with
silk or with the material of the gown.
Either method is equally effective.
The sleeve may be of the loose,
pagoda design, or have the fullness
caught into a plain broad cuff at the
wrist. Oftentimes a broad ribbon is
used for banding both on the sleeve
and down the fronts, and ribbon tie
strings at the neck make for a pretty
finish.

Was Killed,

TELL THE SAD STORY

Of the Tragic Murder of
Stewart Pierson, at
Gambier, O.

Persons Who Committed the
Crime Are Under
Surveillance.

Mt. Vernon, O., Nov. 2.—Buried be-
neath a culvert, two hundred feet from
the spot where Stuart Pierson, the
Kenyon College student, was ground
to death by a train, the authorities
have found three lengths of blood-
stained rope and a wad of absorbent
cotton, also saturated with blood.

County Prosecutor Stillwell ex-
presses the firm belief that the boy was
choked to death, the cotton saturated,
bound across his face and that he
was tied across the tracks, as a part
of his initiation into a college frater-
nity. The authorities believe that the
cotton was removed later and the boy
left strangled.

On these grounds the prosecutor
will carry the case to the grand jury
on November 13. Prosecutor Still-
well stated today that several per-
sons are under surveillance for con-
nection with the case and that they
may be taken into custody before the
conclusion of the inquest.

The Inquest Begins.
The inquest into the death of young
Pierson was begun here today behind
closed doors by Prosecutor L. C. Still-
well.

Most important of the developments
at today's hearing was the admission
by Dr. Irvin Workman, physician of
Kenyon college, that he believed the
lad was lying between the rails of
the track when the engine struck him.

Dr. Workman prepared the body for
burial in company with Undertak-
er H. C. Wright. He reviewed the
situation of the wounds upon the body
when he first saw it, and pronounced
them such as could not easily have
been made if the lad had been sitting
on the rail as claimed.

Dr. Workman refused to commit
himself to a positive statement as to
whether young Pierson was tied down.
He was subjected to a severe cross
examination by the Prosecutor Still-
well and left the court room in a tour-
ing rage. At the beginning of the
hearing, Robert Geer, attorney for
President Pierce, of Kenyon College,
for certain of the fraternity attempted
to gain admittance to the court room.
He was ejected and at once left the
court.

Neither President Pierce or any of
the college men responded to their
subpoenas, but they are expected later
in the hearing. The father of the
dead boy will be summoned to testify
later in the inquest.

An Anonymous Letter.
Mt. Vernon, O., Nov. 2.—"If you do
not cease your persecution of Kenyon
College you will hear from us and
we will surely make it warm for you."
(Signed)

"Five Member of the Kenyon Alumni."
This written on the stationery of
the Hotel Donovan, was received
from Delaware by county coroner Scar
brough today. It concludes a five page
letter demanding the coroner cease his
inquiry of the Pierson case. No names
were signed, but no apparent attempt
to disguise the hand writing. The
coroner will pay no attention to the
threat. Other threats have been
made.

"Tellus."
"No, Tell-us."
"Oh, I see," replied the judge, al-
though he looked very much per-

he did not see at all. "What's your

GREW MISS LEWIS' HAIR
AND WE CAN
PROVE IT

The Great Danderine Never Fails to Produce the Desired Results

MISS Lewis' hair was very thin and it was less than two feet in length when
she began using Danderine. She says her hair and scalp are now fairly
teeming with new life and vigor.
That's the main secret of this great remedy's success as a hair grower. It en-
riches, invigorates and fairly electrifies the hair glands and tissues of the
scalp, causing unusual and unbroken action in the part of these two most impor-
tant organs, resulting in a strenuous and continuous growth
of the hair.

The following is a reproduction of Miss Lewis' last letter:

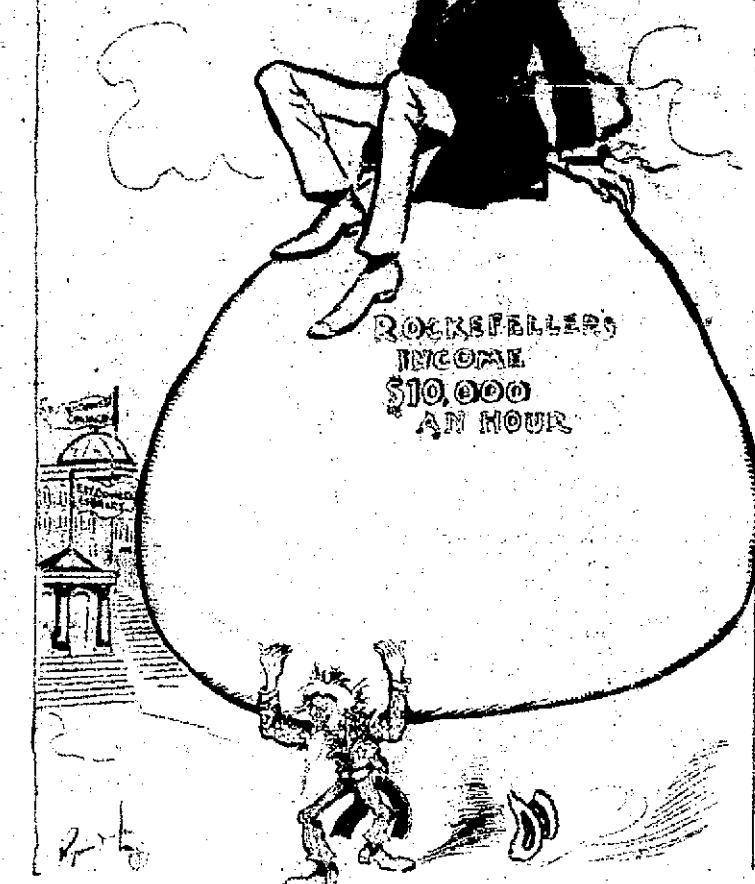

January 3, 1905.
Dear Doctor Knowlton—
You know I told you in my first letter that my hair would
not reach much below my shoulders, and that all of it together
only made one tiny braid.
I am sending you my photograph, which I had taken at Stevens
Brook. It tells the whole story better than I can tell it.
Everybody I know is using Danderine, so you see I am doing
something to show my appreciation.
Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it
so. It is the greatest scalp fertilizer and therefore the greatest
hair-producing remedy the world has ever known.
It is a natural food and a wholesome medicine for both the hair
and scalp. Even a 25c bottle of it will put more
genius in your hair than a gallon of
any other hair tonic ever made. It shows
results from the very start.

NOW at all druggists in three sizes.
25 cents, 50 cents and \$1. per bottle.
To show how quickly Danderine acts we will send
a large sample free by return mail to any one who

facturing Co., Chicago, with their name and address and 10 cents in
silver or stamps to pay postage.

Uncle Sam—Dinged! I'm so busy carrying this all the time I don't
get much of a chance to enjoy those libraries and colleges that have been
given me!

Colonel Mike Donahue, of the
Tenth New Hampshire, was soug-
what fond of drink. After the war
the Tenth, wishing his picture, com-
missioned an artist to do the job.
After the painting was finished, the
artist, according to the Boston Her-
ald, seeing one of the veterans of the
Tenth, an Irishman, called him in to
ask his opinion of the picture.

The old Irishman walked up to the
easel, scrutinized the picture, and was
about to put his hand on the canvas,
when the artist cried out: "Don't
touch it! Don't touch it! It's not dry."
"Not dry! Not dry!" shouted
Pat. "Then, be jabbers, it's not Mike
Donahue."

Physicians Prescribe It.
Many broad minded physicians pre-
scribe Foley's Honey and Tar, as they
have never found so safe and reliable
a remedy for throat and lung troubles
as this great medicine. There is no
other cough medicine so popular. It
contains no opiates or poisons and
never fails to cure coughs and colds.

ANXIOUS SEAT**Occupied by Traffic and Other Attaches.****Extended Jurisdiction Is Announced for Erie Officials.****NO CHANGES EXPECTED****In Lima as Vice President Harding Remains the Head.****Rawlins Goes With Edson. General News of the Rail.**

The general officers in the traffic department of the C. H. & D. are now on the anxious seat, following the announcement in New York yesterday, of extending jurisdiction for vice presidents of the Erie railway. Among the men where distrust is apparent are all those who fall under the jurisdiction of H. B. Chamberlain. This includes such well known officials as D. G. Edwards, passenger traffic manager, and W. B. Calloway, assistant general passenger agent, together with all their subordinates. The placing of Vice President Russell Harding in charge of the operating and maintenance, removes in a great degree any likely changes in which Lima is interested as the men now employed are either appointees of his or of J. A. Edson former general manager, and conferred by him. It was officially announced from Erie headquarters yesterday that the jurisdiction of the Erie's vice presidents had been extended over the Cincinnati, Hamilton and Dayton and Pere Marquette lines.

Russell Harding will be vice president in charge of operation and maintenance.

George F. Brownell will be in charge of the legal department, including real estate and taxes.

H. B. Chamberlain will be in charge of traffic.

Joseph M. Graham will be in

charge of engineering and construction.

A. A. Richardson will be in charge of insurance, accounting and the coal company.

M. H. Blawie, controller of the Erie, was made controller of the Erie, and J. L. Cramer, of the Erie, was made assistant controller.

Goes With Mr. Edson.

F. S. Rawlins, of Cincinnati, has been appointed superintendent of transportation of the Kansas City Southern Railroad. Mr. Rawlins was superintendent of car service of the Cincinnati, Hamilton and Dayton when J. A. Edson, president of the Kansas City Southern, was general manager of the former road.

Superintendent J. A. Gordon.

J. A. Gordon, who is now general superintendent of the C. H. & D. lines, having been promoted to that position about a year ago, has proved to be a valuable man for the place. He is introducing methods and new ideas which are beneficial in handling every department of that property.

Mr. Gordon has been connected with the road for many years, commencing at the bottom, first as trainmaster, then assistant superintendent, and in each position he has shown ability for higher positions.

Spokane, Wash. Nov. 2.—J. P. O'Brien, general manager of the Oregon Railroad and Navigation Co., stated here yesterday that the company had placed orders for steel rails aggregating \$800,000. DIAMOND RING**Found by Police in Boston Pawn Shop.****Removes All Doubt as to the Suit Case Victim's Identity.****NATHAN IN HOSPITAL.****Was Too Weak to Be Taken to Prison on Arrival in Boston.****Is Charged With Having Procured an Illegal Operation.**

Boston, Mass., Nov. 2.—Morris Nathan, who, upon his arrival here yesterday from Pittsburg was detained by the local police on the charge of having procured an illegal operation on Susanna A. Geary, the victim of the suit case tragedy, was resting this forenoon at the city hospital where he was taken last night. His physical condition when he was taken to the institution was so weak that it was considered doubtful whether it would be possible for him to appear in the municipal court today, to answer to the charge against him. The hospital authorities would divulge little regarding Nathan's condition, but it is understood that he slept well last night.

Diamond Ring Found.

The finding yesterday, in the office of a Back Bay Loan company of the solitaire diamond ring given to Susanna Geary, by her mother last Christmas, was the last thing needed to settle any doubt that might remain as to the identity of the suit case victim. The police began searching for this ring after the finding of the hints in the second suit case last Friday, and upon the statement by Mrs. Geary that this ring which the girl had been in the habit of wearing was missing. The police have learned that the ring was pawned Sept. 11, by a young man. They are trying to

find the pawn ticket given for the ring.

A search for a south and physician suspected in the case was conducted during the night but was without result. The police visited a house where he is said to have lived part of the time, but inmates of the place said that the doctor had not been there for several weeks. The authorities are desirous of interviewing this physician on account of his alleged resemblance to the man who purchased the two suit cases in which the body was found, from the south end pawn shop.

Jesse Gove, chief counsel for Nathan, is said to have instructed his client to make no further statements to the police of any kind. This will force the authorities entirely upon their own resources to make out a case against Nathan and the others who may be responsible.

Nothing New at Pittsburg.

Pittsburg, Pa., Nov. 2.—Inspector J. E. MacGarr, of the Boston police, left this city for Boston this morning. He would say nothing concerning the suit case mystery or what he had learned from his interrogation of the theatrical people. Supt. of detectives McQuaide, stated there was nothing new for publication and that the case was closed in Pittsburg. An effort to learn from the theatrical people what developed in the examination failed as they have been instructed to keep silent.

DOWN IN KENTUCKY**Two More of the Alleged Willard Bank Robbers Are Caught.****A BARTENDER'S CARD,****Found in the Pocket of One of Prisoners May Prove Identity.**

Louisville, Ky., Nov. 2.—A special from Grayson, Ky., says: Two more of the Willard bank robbers were captured last night at Olive Hill. The men gave their names as Chas. and Steven Stamper and one of them claims to be a traveling representative of a Cincinnati firm. It is now believed the entire gang of robbers have been caught. The sheriff of Richmond, Ind., wired Sheriff Jacobs here the description of one of the men who robbed the bank at Hagers-town, Ind., and this description tallies closely with one of the prisoners.

The Indiana officers are now expected here in a day or two. One of the four prisoners who gave the name of Tom Brown had a card in his pocket stating that J. C. Wilson, of Akron, Ill., was a member of the Bar Tenders' Union, in good standing. Another of the men who gave his name as J. Allen claims to have a mother living in Knoxville, Tenn.

CHARMING WEDDING At Home of Bride's Parents in Jackson Township.

On October 26th, at 6:30 p. m., at the home of the bride's parents, Mr. and Mrs. G. W. Wirt, in Jackson township, their daughter Emma, and Mr. T. E. Musser, were joined in holy wedlock by the Rev. T. C. Christopher.

The bride has long been one of Jackson township's most popular young women, and beloved in that community. The fortunate possessor of her hand, Mr. Musser, is young, of bright personality, and is to be congratulated on securing so worth a helpmate. After a bountiful wedding supper, many useful and ornamental presents were showered in the happy couple by their friends. The Times-Democrat joins their friends in wishing Mr. and Mrs. Musser a marital life replete with happiness.

HALLOWEEN PARTY.

Mrs. Cleo O'Harrow and Doris Collins gave a masquerade party at the home of the latter, Halloween eve. Twenty-four of their young friends were invited, and they spent a very enjoyable evening. They had many games, such as consequences, pinball and candles, a lady to act as fortune teller who told their fortunes, and many other old games. A prize was given to the prettiest dressed girl and most comically dressed boy. The refreshments consisted of Saratoga chips, warm biscuits, pea patties, pickles, cocoa, gelatine and cake. The house was appropriately decorated with pumpkins, lanterns, corn stalks and dummies.
